RE: Approval of use of Magazines for Contingency Storage

Dear ATF:

We have approved John Q. Public to use our Type II and Type IV magazines for contingency storage purposes in order to meet the storage requirements for his ATF explosives license. This letter of approval is in effect for three years beginning on September 25, 2020 and expires on September 25, 2023. Under contingency storage, Mr. Public must maintain his status as an active member in good standing, and would transfer ownership of his explosives to the Mid-Atlantic Pyrotechnic Arts Guild in the event he needs to store explosive materials to conform with ATF explosives regulations. If you have any questions regarding this approval, please feel free to contact me.

Best Regards,

David G Stoddard, President
Mid-Atlantic Pyrotechnic Arts Guild, Inc.
